Description

Modern new build apartments with 2 bedrooms in Palmanova - from € 606,000.00.

In an attractive location in Palmanova (municipality of Calvià), a modern new-build project is being developed with a total of 36 high-quality apartments. The project comprises 1, 2 and 3-bedroom apartments and offers different apartment types and price categories.

This offer relates to 2-bedroom new-build apartments, which are ideal as a vacation property, second home or investment. Within the project, there is a choice of garden apartments, apartments and - depending on availability - penthouses. The apartments boast open-plan living and dining areas, bright rooms and attractive outdoor spaces such as terraces or gardens.

The beach of Palmanova is only about 400 meters away and can be easily reached on foot. The residential complex offers a communal pool, an outdoor fitness area, bicycle parking spaces and a communal function room with kitchen, which can be rented for private events. Completion is scheduled for the 1st quarter of 2026.

We would be happy to present the entire project with all available apartment types and floor plans to you in person.

Location

Palmanova is located on the southwest coast of Mallorca and belongs to the municipality of Calvià, one of the most sought-after regions on the island. The town offers a modern infrastructure, a well-kept beach promenade and several fine sandy beaches.

The promenade has been modernized in recent years and invites you to stroll along the sea. Restaurants, cafés and beach clubs are located in the immediate vicinity. The beach is just a few minutes' walk away.

The famous Nikki Beach Mallorca is in the immediate vicinity. Thanks to its good connections to Palma, the airport, golf courses, international schools and marinas, Palmanova is ideal as a residential or vacation location.
